

Princeton Politics Technical Specifications v1

Special Functionality/Features

- May be importing the Princeton feed to create courses
- May be importing different Events feeds from the various Centers & Programs

Tech Spec Outline

- Images Crops & Image Styles
- View Modes - Media
- Vocabularies
- Content Types (fields and form display)
- View Modes - Content Types
- Paragraphs
- View Modes - Paragraphs
- Entityqueues
- Views
- Custom Block Types
- View Modes - Custom Blocks

Image Crops & Image Styles

Crop Type [machine name] settings	Image Style Name [machine name]	Image Style Effects	Usage (Content type/view mode)
Square (480x480) square aspect ratio 1:1 soft limit 480w, 480h	Square (480x480) square	<ul style="list-style-type: none"> • Manual crop [uses Square (480x480) crop type] • Scale and Crop [480 x 480] 	Bio / Card view Bio / Teaser view
Rectangle (850x660) rectangle aspect ratio 85:66 soft limit 850w, 660h	Rectangle (850x660) rectangle	<ul style="list-style-type: none"> • Manual crop [uses Rectangle (850x660) crop type] • Scale and Crop [850 x 660] 	All content types except Bio / Featured, Teaser views All content types / Search Results view
Banner (interior, 1800 x 485) banner aspect ratio 1800:485 soft limit 1800w, 485h	Banner (interior, 1800 x 485) banner	<ul style="list-style-type: none"> • Manual crop [uses Banner (interior, 1800 x 485) crop type] • Scale and Crop [1800 x 485] 	All content types / Banner view
Homepage Banner (1800 x 750) homepage_banner aspect ratio 1800:750 soft limit 1800w, 750h	Homepage Banner (1800 x 750) homepage_banner	<ul style="list-style-type: none"> • Manual crop [uses Homepage Banner (1800 x 750) crop type] • Scale and Crop [1800 x 750] 	Homepage Banner Custom Block / Homepage Banner view

Homepage Button (480 x 245) homepage_button aspect ratio 480:245 soft limit 480w, 245h	Homepage Button (480 x 245) homepage_button	<ul style="list-style-type: none"> • Manual crop [uses Homepage Button (480 x 245) crop type] • Scale and Crop [480 x 245] 	Homepage Button Custom Block / Homepage Button view
Profile Background (1800 x 400) profile_background aspect ratio 1800:400 soft limit 1800w, 400h	Profile Background (1800 x 400) profile_background	<ul style="list-style-type: none"> • Manual crop [uses Profile Background (1800 x 400) crop type] • Scale and Crop [1800 x 400] 	Profile Slideshow Custom Block / Profile Background view

View Modes - Media

Media Type	View Mode	Layout	Fields	Format	Settings
Image	Square	none	Image, no label	Image	Image Style: Square (480x480)

Image	Banner	none	Image, no label	Image	Image Style: Banner (interior, 1800x485)
Image	Homepage Banner	none	Image, no label	Image	Image Style: Homepage Banner (1800x750)
Image	Homepage Button	none	Image, no label	Image	Image Style: Homepage Button (480x245)
Image	Profile Background	none	Image, no label	Image	Image Style: Profile Background (1800x400)

Vocabularies

Name	Terms	Fields on each Term	Field Type	Notes
Role	<ul style="list-style-type: none"> • Current Faculty • Associated Faculty • Emeritus Faculty • Graduate Student • Visitor & Lecturer • PhD on the Job Market • Staff 	none		
Areas of Expertise	<ul style="list-style-type: none"> • African Politics • American Institutions • ... 	none		If the list of terms is massive, programmatically import this for the client
Course Term	<ul style="list-style-type: none"> • Fall 2018 • Spring 2019 • Summer 2019 • Fall 2019 • ... 	Current Academic Term	Boolean	We may need to adjust this based on whether we will be using the Princeton feed to create courses and what the feed can provide.
Event Location	<ul style="list-style-type: none"> • Name of venue 1 • Name of venue 2 • Name of venue 3 • Online 	Name		
		Address	Address	This field type provides subfields for many address related elements (street, city, country, etc)
		Map link	Link	Desc: E.g. " https://goo.gl/maps/1ekXQ " or a link to the interactive campus map

Content Types (fields and form display)

Content Type [machine name] [path, if any]	Form Display Fieldsets	Field	Field Type	Notes (widget, options, etc)
Page page [node:menu- link:parents:join- path]/[node:title]	none	Title		
		Body		
	Custom Layouts	Custom Layout	Reference Revisions: Paragraphs	Included types: • Two Column with Image • Text Block
	Banner & Images	Banner Image	Entity Reference (Media)	To Image type
		Main Image	Entity Reference (Media)	To Image type
	Featured Options	Slideshow title	Text	
		Slideshow text	Long text w/RTE	
	none	Related view	Viewfield	Set field permissions to devs only. Included views pages: • Events • News • People • .. and more as needed
Bio bio people/ [node:title]	none	First name	Text	Node Title - use Automatic Entity Label to create a title from [First name] [Last name]
		Last name	Text	
		Professional title	Text	
		Abbreviated title	Text	
		Body		

	Banner & Images	Banner Image	Entity Reference (Media)	To Image type. Set a default banner image for all Bios with the option to change it per node.
		Main Image	Entity Reference (Media)	To Image type
	Details <i>* There will be subgroups in this section. They are described in the Notes column</i>	Hide on People page	Boolean	
		Role	Entity Reference (Taxonomy)	To Role taxonomy
		Areas of Expertise	Entity Reference (Taxonomy)	To Areas of Expertise taxonomy Allow multiple.
		Media Contact	Boolean	<i>Place field in "Contact Info" Details group</i>
		Office Location	Text	<i>Place field in "Contact Info" Details group</i>
		Phone	Telephone	<i>Place field in "Contact Info" Details group</i>
		Email	Email	<i>Place field in "Contact Info" Details group</i>
		Website	Link	<i>Place field in "Contact Info" Details group</i>
		Twitter Link	Link	<i>Place field in "Contact Info" Details group</i>
		Media Contact	Boolean	<i>Place field in "Contact Info" Details group</i>
		Junior Paper Advisor	Boolean	<i>Place field in "For Junior/Senior Advisors" Details group</i>
		Junior Paper - Advising Status	List (text)	Options: <ul style="list-style-type: none"> • Available • Full <i>Place field in "For Junior/Senior Advisors" Details group</i>
		Junior Paper - Advising Years	List (text)	Create an "allowed values" function to dynamically populate the list of options and keep it up to date. <i>Place field in "For Junior/Senior Advisors" Details group</i>
		Senior Thesis Advisor	Boolean	<i>Place field in "For Junior/Senior Advisors" Details group</i>

		Senior Thesis - Advising Status	List (text)	Options: • Available • Full <i>Place field in “For Junior/Senior Advisors” Details group</i>
		Senior Thesis - Advising Years	List (text)	Create an “allowed values” function to dynamically populate the list of options and keep it up to date. <i>Place field in “For Junior/Senior Advisors” Details group</i>
		Academic years(s) seeking position	List (text)	Create an “allowed values” function to dynamically populate the list of options and keep it up to date. <i>Place field in “For Job Market Candidates” Details group</i>
		Dissertation Title	Long text, no RTE	<i>Place field in “For Job Market Candidates” Details group</i>
		Advisor - Dept of Politics	Entity Reference (Node)	To Bio type. <i>Place field in “For Job Market Candidates” Details group</i>
		Advisor - Other	Text	<i>Place field in “For Job Market Candidates” Details group</i>
		Alumni	Boolean	<i>Place field in “Alumni Info” Details group</i>
		Alumni Year	List (text)	Create an “allowed values” function to dynamically populate the list of options and keep it up to date. <i>Place field in “Alumni Info” Details group</i>
		On leave	Daterange	Date only, no time
	Related Content	Related Fields of Study	Entity Reference (Node)	To Field of Study type Allow multiple.
	Featured Options	Profile Question	Long text, no RTE	
		Quote	Long text, no RTE	
		Create Profile	Boolean	
Center or Program	none	Title		Note: the link on the title will not be the node url. It will be the url value of the Link field below.

center_program centers- programs/ [node:title] *do not display as full node. Use Rabbit hole to redirect to list.		Center or Program Link	Link	
		Primary	Boolean	
		Description	Body field	
	Images	Main Image	Entity Reference (Media)	To Image type
	Related Content	Related Field of Study	Entity Reference (Node)	To Field of Study type Allow multiple.
Course course [node:field_cours e_track]/courses/ [node:field_cours e_term]- [node:title] *need more info about course feed	none	Title		Note: the link on the title will not be the node url. It will be the url value of the Course Link field below.
		Politics Course Number	Text	
		Course Number	Text	
		Course Track	List	Options: • undergraduate • graduate
	Details <i>* There will be subgroups in this section. They are described in the Notes column</i>	Terms offered	Entity Reference (Taxonomy)	To Course Term vocabulary.
		Time	Text	Help text: "E.g. TTH 10:00-10:50 am"
		Course Link	Link	External only. No link label.
		Status	List (text)	Options: • Assigned • TBD Help text: "If an instructor is not yet known, select "TBD". Otherwise, select "Assigned" and proceed with adding the faculty or instructor name(s)." <i>Place field in "Faculty" Details group</i>
		Instructor - Dept of Politics	Entity Reference (Node)	To Bio type <i>Place field in "Faculty" Details group</i>

		Instructor - Other	Text	<i>Place field in "Faculty" Details group</i>
	Related Content	Related Fields of Study	Entity Reference (Node)	To Field of Study type. Allow multiple.
Event event events/ [node:title]	none	Title		
		Body		
	Banner & Images	Banner Image	Entity Reference (Media)	To Image type. Set a default banner image for all Events with the option to change it per node.
		Main Image	Entity Reference (Media)	To Image type
	Details	Event Date ** may switch to Date Field	Date Range	Collect Time Note: this may switch to a Date field if no end date or end time is required. Wait to see the feed if one exists.
		Event Location	Entity Reference (Taxonomy)	To Event Location Vocabulary Ability to add a new location term in the node edit form.
		Event Link	Link	Optional title so it can used for "More Info" or "Register Now", etc.
		Hide on homepage	Boolean	
	Related Content	Related Event Series	Entity Reference (Node)	To Event Series type.
		Related Fields of Study	Entity Reference (Node)	To Field of Study type Allow multiple.
Event Series event_series event-series/ [node:title]	none	Title		
		Body		
	Banner & Images	Banner Image	Entity Reference (Media)	To Image type. Set a default banner image for all Event Series with the option to change it per node.
		Main Image	Entity Reference (Media)	To Image type

	none	Upcoming Events (Use the same “related view” field from Page content type. Just give it a different field label.	Viewfield	Set field permissions to devs only. Included views pages: • Events Series Events
Field of Study field [node:menu-link:parents:join-path]/[node:title]	none	Title		
		Body		
		Display Graduate Courses Button	Boolean	
		Display Undergraduate Courses Button	Boolean	
	Banner & Images	Banner Image	Entity Reference (Media)	To Image type
News news news/[node:title]	none	Headline	Title	
		Publication date	Date	Granularity: day
		Byline	Text	
		External News Source	Link	External only. No link label.
		Body		
	Banner & Images	Banner Image	Entity Reference (Media)	To Image type. Set a default banner image for all News with the option to change it per node.
		Main Image	Entity Reference (Media)	To Image type
	Related Content	Related People	Entity Reference (Node)	To Bio type. Allow multiple.
		Related Fields of Study	Entity Reference (Node)	To Field of Study type. Allow multiple.

	Featured Options	Slideshow title	Text	
		Slideshow text	Long text w/RTE	
		Button Label	Text	

View Modes - Content Types

Content Type	View Mode	Layout	Groups	Fields	Widget/Notes	Usage
Page	Banner	Display Suite: Two Row layout (this is a custom layout)	Top	Banner Image, no label	Rendered Entity: Banner	Used in Ctools, Entity view (Content) block
			Bottom	Breadcrumbs	Custom DS Block field from Ganson that is available with the layout	
				Title, no label	Wrapper: H1, not linked	
				DS: Summary for Banners	Custom DS Plugin that will display the summary only if the user has manually created one	
	Featured	Display Suite: Fluid Two-column Layout	Left	Main Image, no label	Rendered Entity: Rectangle	Used in the homepage slideshow
			Right	Slideshow title, no label	Wrapper: H2, linked	
				Slideshow text, no label		
				Button Label	Linked to content	
	Full	Display Suite: One	Content	Body		Used for viewing the node

		column layout		Custom Layout		as its own full page.
				Related View, no label		Note: Instead of using views pages we are placing the page display of a view on Page nodes.
	Search Index	Display Suite: One column layout		All fields with text	Using a Display Suite layout will allow us to get the Title indexed.	Used to select the fields that should be indexed for the default Drupal search. Not used if we go with Solr.
	Search Results...	Display Suite: Fluid Two-column Layout	Left	Main Image, no label	Rendered Entity: Rectangle Link to node url	Used to display search results for Solr
			Right	Bundle name	DS field available with the layout.	
				Title, no label	Wrapper: H2, linked	
				Body, no label	Smart trimmed, 200 characters, more, strip html	
	Teaser	Display Suite: One column layout		Title, no label	Wrapper: H2, linked	Used to display the child links at the bottom of landing pages (Entity Submenu Block)
				Body, no label	Smart trimmed, 200 characters, more, strip html	
	Bio	Banner	Top	Banner Image, no label	Rendered Entity: Banner	Used in Ctools, Entity view (Content) block
				Breadcrumbs	Custom DS Block field from Ganson that is available with the layout	
			Bottom	Title, no label	Wrapper: H1, not linked	
				DS. Professional Title + Alumni Year	Custom DS plugin to run logic and pull field values together	
				On leave		

			Office location	Group: Col1	
			Phone	Group: Col1	
			Email	Group: Col2	
			Personal Website	Group: Col2, need custom twig for label	
			Twitter	Group: Col3	
Card	Display Suite: Two Row layout (this is a custom layout)	Top	Main Image, no label	Rendered Entity: Square Link to node url	Used to display the list in People view.
		Bottom	Title, no label	Wrapper: H2, linked	Used in related people view.
			DS: Professional Title + Alumni Year	Custom DS plugin to run logic and pull field values together	
			DS: On leave - text	Custom DS plugin	
Featured	Display Suite: One column layout	Content note: a “Details” HTML Element subgroup should be created	Main Image, no label	Rendered Entity: Rectangle	Used in the footer profiles
			Profile Question, no label	<i>Group: Details</i>	
			Quote, no label	<i>Group: Details</i>	
			Title, no label	<i>Group: Details</i>	
			Alumni Year, no label	<i>Group: Details</i>	
Full	Display Suite: One column layout	Content	Body		Used for viewing the node as its own full page.
			Profile Question, no label		
			Quote, no label		

	Search Index	Display Suite: One column layout		All fields with text	Using a Display Suite layout will allow us to get the Title indexed.	Used to select the fields that should be indexed for the default Drupal search. Not used if we go with Solr.
	Search Results...	Display Suite: Fluid Two-column Layout	Left	Main Image, no label	Rendered Entity: Rectangle Link to node url	Used to display search results for Solr
			Right	Bundle name	DS field available with the layout.	
				Title, no label	Wrapper: H2, linked	
				Professional title		
				Body, no label	Smart trimmed, 200 characters, more, strip html	
	Sidebar	Display Suite: One column layout	Content <i>note: a “Details” HTML Element subgroup should be created</i>	Main Image, no label	Rendered Entity: Square	Used in Ctools, Entity view (Content) block
				Area of Expertise, label above	<i>Group: Details</i>	
				Fields of Study, label above	<i>Group: Details</i>	
Centers and Programs *these nodes never appear on their own in full view mode.	Search Index	Display Suite: One column layout		All fields with text	Using a Display Suite layout will allow us to get the Title indexed.	Used to select the fields that should be indexed for the default Drupal search. Not used if we go with Solr.
	Search Results...	Display Suite: Fluid Two-column Layout	Left	Main Image, no label	Rendered Entity: Rectangle Link to url provided in the Link field	Used to display search results for Solr
			Right	Bundle name	DS field available with the layout.	
				DS: Center or Program - Linked Title	Custom DS Plugin	

full view mode.				DS: Center or Program - Linked Title	Custom DS Plugin	Used to display the list in the Centers and Programs view.
				Body, no label	Default	
	Teaser	Display Suite: Fluid Two-column Layout	Left	Main Image, no label	Rendered Entity: Rectangle Link to url provided in the Link field	
			Right	DS: Center or Program - Linked Title	Custom DS plugin	
				Description, no label	Default	
Course	Search Index	Display Suite: One column layout		All fields with text	Using a Display Suite layout will allow us to get the Title indexed.	Used to select the fields that should be indexed for the default Drupal search. Not used if we go with Solr.
	Search Results...	Display Suite: Fluid Two-column Layout	Left	Main Image, no label	Rendered Entity: Rectangle Link to url provided in the Link field	Used to display search results for Solr
			Right	Bundle name	DS field available with the layout.	
				DS: Courses - Linked Title	Custom DS Plugin	
				Body, no label	Default	
	Teaser	Display Suite: One column layout	Content	Course Number, no label		Used to display the list in the main graduate and undergraduate courses views.
				DS: Courses - Linked Title	Custom DS plugin	
				Time, no label		

				DS: Courses - Faculty	Custom DS plugin to run logic and pull field values together	
	Teaser - small	Display Suite: One column layout	Content	DS: Courses - Linked Title	Custom DS plugin	Used to display related courses on faculty bios
Event	Banner	Display Suite: Two Row layout (this is a custom layout)	Top	Banner Image, no label	Rendered Entity: Banner	Used in Ctools, Entity view (Content) block
			Bottom	Breadcrumbs	Custom DS Block field from Ganson that is available with the layout	
				Title, no label	Wrapper: H1, not linked	
				DS: Summary for Banners	Custom DS Plugin that will display the summary only if the user has manually created one	
	Featured	Display Suite: Fluid Two-column Layout	Left	Main Image, no label	Rendered Entity: Rectangle	Used in the homepage slideshow
			Right	Slideshow title, no label	Wrapper: H2, linked	
				Slideshow text, no label		
				Button Label	Linked to content	
	Full	Display Suite: One column layout	Content	Event date, no label		Used for viewing the node as its own full page.
				Related Event Series, label above	Link to the reference entity	
				Event Location, no label		
				Event Link, no label		

			Body, no label		
			Share	Custom DS Block field	
Search Index	Display Suite: One column layout		All fields with text	Using a Display Suite layout will allow us to get the Title indexed.	Used to select the fields that should be indexed for the default Drupal search. Not used if we go with Solr.
Search Results...	Display Suite: Fluid Two-column Layout	Left	Main Image, no label	Rendered Entity: Rectangle Link to node url	Used to display search results for Solr
		Right	Bundle name	DS field available with the layout.	
			Event date, no label		
			Title, no label	Wrapper: H2, linked	
			Body, no label	Smart trimmed, 200 characters, more, strip html	
Sidebar	Display Suite: One column layout	Content	Main Image, no label	Rendered Entity: Rectangle	Used in Ctools, Entity view (Content) block
Teaser	Display Suite: Fluid Two-column Layout	Left	Event Month	Custom DS Token field	Used to display the list on the Events page and the individual Event Series pages.
			Event Day	Custom DS Token field	
		Right	Title, no label	Wrapper: H2, linked	
			Event Location, no label		

				Start Time Only	Custom DS Token field	
				Related Event Series, no label	Link to the referenced entity	
				Body, no label	Smart trimmed, 200 characters, more, strip html	
	Teaser - small	Display Suite: Fluid Two-column Layout	Left	Event Month	Custom DS Token field	Used to display the list of related events.
				Event Day	Custom DS Token field	
			Right	Title, no label	Wrapper: H2, linked
